

IAU-URSI Interagency Working Group on Historical Radio Astronomy  
IAU General Assembly, Busan, R. of Korea  
BEXCO, r. 102  
5 August 2022 (Friday), 13:30 – 16:30 (local time in Korea)

13:30 – 13:45          WGHRA business session

WGHRA science session: History of Radio Astronomy in Eastern Asia

13:45 – 13:50          Leonid Gurvits  
Introduction

13:50 – 14:10          01: Se-Hyung Cho  
Radio astronomy developments in Republic of Korea

14:10 – 14:30          02: Masato Ishiguro  
History of radio interferometers in Japan

14:30 – 14:45          03: Hideyuki Kobayashi  
Developments of VLBI in Japan

14:45 – 15:00          04: Hisashi Hirabayashi  
25 years of the VSOP/HALCA launch

*15:00 – 15:15 break*

15:15 – 15:35          05: Paul Ho  
History of radio astronomy in Taiwan

15:35 – 15:55          06: Bo Peng  
History of radio astronomy in China: from early days to SKA and FAST

15:55 – 16:10          07: Zhiqiang Shen  
History of VLBI in China

16:10 – 16:25          08: Ji Yang  
History of mm and sub-mm astronomy in China

16:25 – 16:30          Concluding remarks

In person attendance

Online attendance
