

The Golden Anniversary of the 1960's: The Golden Years of Radio Astronomy

IAU Working Group on Historical Radio Astronomy
IAU General Assembly
August 5, 2015
Hawaii Convention Center Room 328

Session I

10:30 – 12:30

<i>10:30 Ken Kellermann</i>	Introduction
<i>10:45 Jocelyn Bell-Burnell</i>	Reflections on the Discovery of Pulsars
<i>11:10 Dave Jauncey</i>	3C 273 and the Quasar Revolution
<i>11:35 Jim Moran</i>	Cosmic Masers
<i>12:00: Ron Ekers</i>	The Impact of the New Generation of User Oriented Radio Telescopes

Session II

16:00 – 18:00

<i>16:00 Bob Wilson</i>	The Cosmic Microwave Background
<i>16:24 Sergei Gulyaev</i>	Radio Recombination Lines
<i>16:48 Jack Welch</i>	Interstellar Molecules and Astrochemistry
<i>17:12 Richard Wielebinski</i>	Cosmic Magnetism
<i>17:36 Leonid Gurvits</i>	Radio Source Variability
